JOB EXPERIENCE

Industrial Design Intern

Radius AI, AZ

Full-time | May 2022 - Aug 2022

Part-time | Aug 2022 - Dec 2022

Responsible for creating industrial designs that meet the needs of the company as well as work within the UX/UI team to develop and improve the user experience and user interface of the company's products or services. Additionally responsible for creation of visual designs and illustrations for various projects for the graphic design team.

Academic Associate (MSIVD)

Ira A. Fulton Schools of Engineering at ASU | Tempe, AZ

Part-time | Aug 2022 - present

Responsible for giving design consultations to student innovators aligned with their areas of expertise as well as reviewing student designs and milestones.

Graphic Designer

Student Media at ASU | Tempe, AZ

Part-time | Jan 2022 - Aug 2022

Responsible for design, print production, and online media for a variety of projects including but not limited to: layout, advertising, newsletters, forms, magazines and guides, large format (banners, buttons, etc.) presentation graphics, print and package media, social media graphics, etc. Also responsible for defining the direction of projects, time estimation, and scheduling.

User Interface Designer

Get Gifted | Tempe, AZ

Part-time | Oct 2020 - present

Get GIFTED is a platform for Athletes/influencers and brands to collaborate without the need of any third-party organizations. As a founding member and designer at Get GIFTED, I have been responsible for designing graphics and animations for the "Gifted" mobile application, the company's Instagram page, and the website. I have also been a member of the UX team reviewing frontend application prototypes.
